

Your broadband network provider

How to get connected
to the Opticomm fibre
network so you can do
more online.

Make the most of superfast fibre

We build and maintain the fibre infrastructure that connects your home to the internet via your chosen phone and internet provider.

And, with a wide range of providers to choose from, it's never been easier to get your internet on with Opticomm.

Getting connected is simple

To get connected to a phone and internet plan that suits your needs, speak to one of our providers today.

Visit opticomm.com.au/connect to view a list of Opticomm service providers.

Make sure to ask for an Opticomm connection
